**The Herald's Community Section**

Posted on Wednesday, June 21 @ 18:52:06 EDT by [editor](#)

Due to the spamming of our forums as well as some technical issues we're having with registration, we've had to temporarily disable the Herald's community report section and our readerships comments options.

Stories and/or issues normally posted in this section for publishing consideration will now have to be forwarded to the [NEWSROOM](#). You may also forward any story comments you may have to the [newsroom@thehaltonherald.ca](mailto:newsroom@thehaltonherald.ca) where they'll be pasted into our story pages. You may also add your community events to the [Halton Hills Interactive Community Calendar](#).

We hope to soon solve the issues affecting the above mention and look forward to providing a safe open forum where all can interact.
